## The Family Crisis Center of East Texas and JD's Center of Hope each receive \$5,000

## The Lufkin Daily News

The Lufkin Daily News directed \$5,000 each this week to The Family Crisis Center of East Texas and JD's Center of Hope to help each organization further its mission in the community.

The gift came via the Carmage and Martha Ann Walls Foundation, which allows publishers at all Southern Newspapers Inc.-owned papers to choose a local nonprofit or nonprofits to receive funds each year.

Carmage Walls founded Southern Newspapers, which now owns 11 community newspapers in Texas and Oklahoma. Martha Ann Walls served as president of the company for most of its history. Their daughter, Lissa Walls, now owns the company, and her and the foundation.

## **DAVE RAMSEY SAYS** Sounds like it might be time to sell the car

DAVE RAMSEY

Dear Dave: We have a 2008 Honda Accord that needs a new timing chain. Our mechanic says the repair will cost about \$2,200. The car is worth about \$4,500. Is it time to get another car, or should we have it repaired? - Susan

Dear Susan: That sounds a little high for a timing chain fix to me. Maybe I'm wrong about that, but let's look at the math of your situation.

You say the value of the car is \$4,500 if fixed and running properly. Let's say for the sake of argument the value of the car if you sell it as-is — basically salvage — is \$1,500. If you take the value of the car as-is, plus the repair, and the number you

tually worth \$1,500, the idea of fixing it is very questionable. If you can get \$1,500 for this thing as-is, I'd sell it and put

the \$2,200 I would've thrown into fixing that old thing toward a better car.

You're talking about a big repair on an old car, Susan. If the repair price you got is right, and it was from an honest mechanic - not some padded, overblown quote from a dealer —I think it's time for that old beater to go. — Dave

Stephanie Williams, a member of the Alabama-Coushatta Tribe of Texas and

the chief financial officer for the Tribe's Naskila Gaming, will serve on the U.S. Department of the Treasury's Tribal Advisory Committee.

**BUSINESS CONNECTIONS** 

Williams was appointed to the committee by U.S. Rep. Kevin Brady, who is the ranking member on the U.S. House Committee on Ways & Means.

The committee advises the Secretary of the Treasury on matters related to the taxation of Native communities, the training of Internal Revenue Service field agents, and the provisions of training and technical assistance to Native American financial officers.

Williams' term will expire on June 20, 2023.

Vision Forestry in Lufkin, was honored with the 2022 President's Award from the Association of Consulting Foresters of America Inc. during the association's recent annual meeting.

"I am proud to be a consulting forester and land manager and grateful to have been able to contribute to the forestry community," Adams said. "I'm humbled by this award."

ACF members are independent profes-

sionals who manage forests and market forest products for private woodland owners.

"I'm pleased to honor Chris' experience, accomplishments and commitment to the consulting forestry profession with the President's Award," said Justin Miller, president of Green Timber Consulting Foresters Inc. in Pelkie, Michigan, and ACF's past president.

With more than 20 years of experience managing forests within the southeastern U.S., Adams became a full member of ACF in 2010.

Registration is now open for accelerated and traditional EMT classes being offered by Acadian Ambulance and the National EMS Academy.

Traditional classes will begin Aug. 15 Chris Adams, founder and president of and the accelerated classes begin Aug. 29.

> The accelerated courses allow students to earn while they learn. Once accepted into the accelerated program, students are hired and paid by Acadian throughout the duration of the course. Upon graduation and certification, the new EMTs will earn the EMT starting rate for their respective areas.
